

FROM PASSION TO IMPACT

Focused light changes what it reaches.

Passion creates the energy. Vision brings it into focus. Mission points it somewhere that matters. Impact happens where it lands.

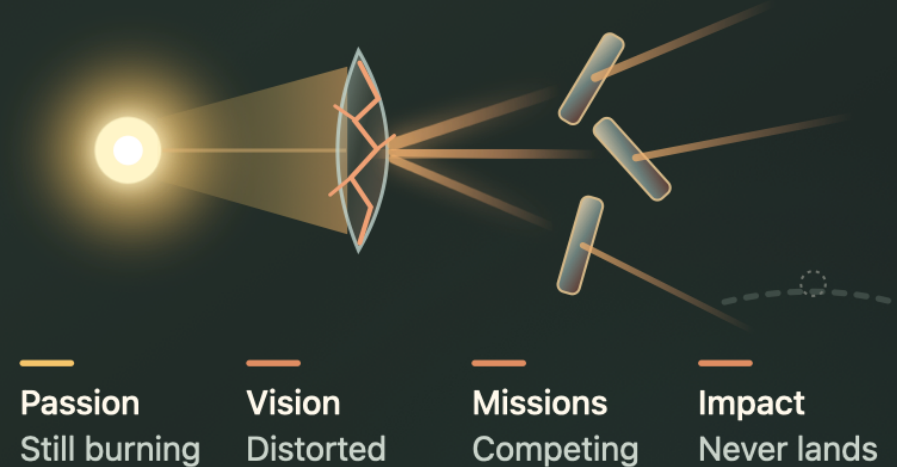

ALIGNED

$\text{PASSION} + \text{VISION} \times \text{MISSION} = \text{EXTRAVAGANT RESULTS}$

FRACTURED

$\text{PASSION} - \text{VISION} \div \text{MISSION} = \text{NO IMPACT}$

Distorted vision corrupts the focus. Competing missions divide the direction.

The Heartbeat: Jesus knew why He came. He prayed, chose where to go next, and would not let the crowd choose His mission. See Mark 1:35–39.
