

Passion is powerful.

But without vision to focus it and mission to direct it, passion becomes scattered energy.

LIFE-GIVING IMPACT

$PASSION + VISION \times MISSION = LIFE-GIVING IMPACT$

PASSION

the energy we carry

VISION

a future picture that focuses us

MISSION

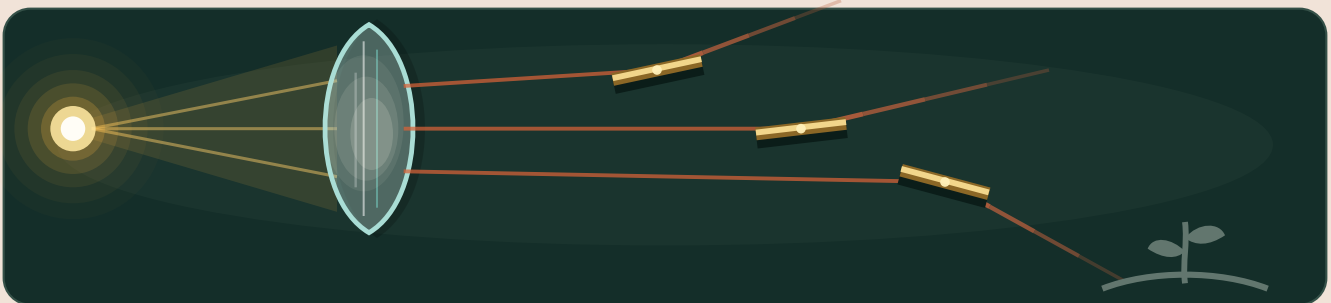

faithful action that directs us

IMPACT

what happens where that action reaches people

LIMITED IMPACT

$(PASSION - CLEAR VISION) / COMPETING MISSIONS = LIMITED IMPACT$

PASSION

the energy is still there

UNCLEAR VISION

blurs the picture and spreads the energy

COMPETING MISSIONS

pull the work in different directions

LIMITED IMPACT

less of the work reaches the people it was meant to serve

THE HEARTBEAT

Passion is the energy. Vision brings it into focus.

Mission points it somewhere that matters. Impact happens where it lands.

Jesus knew why He came and stayed faithful to the Father's purpose. We let Jesus direct what we carry and where we go.

Only Jesus gives life.

Mark 1:35-39
